

THE DIRECTOR OF  
CENTRAL INTELLIGENCE

National Intelligence Council

NIC 7708-83  
26 October 1983  
H. ER 5207-83

NOTE FOR:

Executive Secretary

FROM:

John R. Horton  
NIO/LA

SUBJECT: Presidential Address to the Nation

On Page 10, eighth line - I suggest the following change: "Cubans on Grenada fought to defend a dictatorship that had brutally turned on its own people."

COMMENT: I make this change in the interests of accuracy: Many of those who fought were actually construction workers who were also Army reservists and it may be that not all of the construction workers did fight.
